

**Towards the decimal notation (2):**  
organized sets of 10, 20, 30 objects (boxes of 10 marbles)

Dictation

A

Pickmarble has 2 boxes full of marbles and Dédé has 9 marbles. They decide to put their marbles all together.

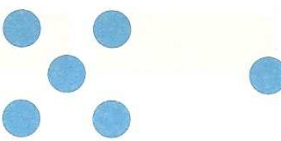

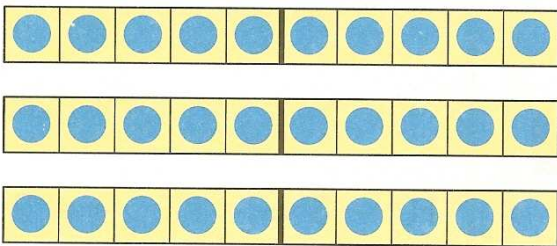

Together, Pickmarble and Dédé have  marbles.

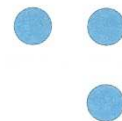

If you aren't sure, lift the lids up and count.

B

Stick the lids on, and then answer. If you aren't sure, lift the lids up and count.

Together Pickmarble and Dédé have  marbles.

Together Pickmarble and Dédé have  marbles.

C

A. Dictation of numbers up to 50 at least with some numbers between 11 and 16.

B and C. Counting organized sets of 10, 20, 30 objects when these objects are masked. Each box corresponding to a counting of 10, the learners will begin to count in 10s: 10, 20, 30...
